

Please practise your mental maths challenge outside of school. You can practise at home, on the way to school, at the swimming pool or anywhere else you choose!

An adult in school will regularly check your learning.

Bronze: You must be able to recite your number bonds to twenty off by heart without looking at the card. When you achieve bronze , you receive a bronze sticker.

Silver: You must be able to quickly say how many more you need to add to a number to make 20, e.g. If I have 19, how many more do I need to make 20? When you achieve silver, you receive a silver sticker.

Gold: You must be able to use the number bonds you know to say the corresponding subtraction fact, e.g. if I have 20 and takeaway 1, how many are left? When you achieve gold, you'll receive a gold sticker.

When you have achieved your bronze, silver and gold, you will receive a special certificate and badge in assembly!

$0 + 20 = 20$	$20 + 0 = 20$	
$1 + 19 = 20$	$19 + 1 = 20$	
$2 + 18 = 20$	$18 + 2 = 20$	
$3 + 17 = 20$	$17 + 3 = 20$	
$4 + 16 = 20$	$16 + 4 = 20$	
$5 + 15 = 20$	$15 + 5 = 20$	
$6 + 14 = 20$	$14 + 6 = 20$	
$7 + 13 = 20$	$13 + 7 = 20$	
$8 + 12 = 20$	$12 + 8 = 20$	
$9 + 11 = 20$	$11 + 9 = 20$	
$10 + 10 = 20$		
Bronze	Silver	Gold
