Grow!

### Summer term in Robins

So, our final term in Robins! Our learning will focus on growth and change. We will look closely at the natural and environmental changes the summer season brings. A range of books, including non-fiction will lead our learning, we will be getting outside looking at various lifecycles, plants and wildlife visitors to our garden. As we prepare to move into Year One we will be thinking about how we have changed and look forward to the changes ahead.

We will prepare for Sports Day and find out about the Olympics Games, due to be held in Tokyo this summer.

### Robins

Summer 2021

### Seven Dimensions of Learning

Throughout the term we will introducing the children to some new friends who will help them to develop their learning styles and characteristics. We will introduce the children to vocabulary and share examples of their perseverance, curiosity and creativity.

First, we will meet our friend the beaver. He shows true resilience. When he builds his home, he is often met with challenges. The force of the water and other conditions often destroy his dam but the beaver does not give up. He continues to build bigger and better. We will be looking out for children who do not give up even when it's tricky!

We will then meet our curious cat. He loves to ask questions and find out information to help him understand. We will be asking and answering lots of how, why, and where questions! This will be great for our communication and language skills too.

Our final friend will be the monkey. He is playful and creative. He likes to takes risks and enjoys a challenge. The children will be encouraged to use their imagination, letting their mind 'float free' to find creative solutions to problems.

### Personal, Social, Health Education (PSHE)

During our PSHE work about **Changing Me**, we will be creating a Tree of Change as we explore how we are growing up and how we have changed since we were babies. Our lessons will be taught using correct terminology, child-friendly language and diagrams, as appropriate.

We will be joining the whole school outside for lunchtime play but within our Covid secure spaces, just like everyone else.

We will also start meeting Mrs Willans, once a week, for an assembly – just for us!
